C.8 Busy Line Verification and Emergency Interrupt Service (T)

C.8.1 General

Busy Line Verification and Emergency Interrupt Service is furnished where and to the extent that facilities permit. The customer shall indemnify and save the Company harmless against all claims that may arise from either party to the interrupted call or any person. (T)

C.8.1.1 Busy Line Verification (T)

A. The Company furnishes Busy Line Verification Service for the purpose of aiding subscribers with legitimate call completion problems. Upon request the operator will verify and provide the line status condition of a local subscriber line. (T)

B. A subscriber-originated request for verification of a local number other than an emergency agency number is a chargeable verification request if a Company operator determines that the line is in use. No charge applies if the line is out of order. (T)

C.8.1.2 Emergency Interrupt Service (T)

A. The Company furnishes Emergency Interrupt Service when a subscriber who has originated a verification request to a line which has been found in a busy talking state informs the operator that an urgent or emergency situation exists and requests that the operator have the busy line cleared. (T)

B. A subscriber-originated request for Emergency Interrupt to a local number other than an emergency agency number is a chargeable Emergency Interrupt request. (T)

C. BASIC LOCAL EXCHANGE SERVICE

C.10 Low Income Program

The Company, as part of its obligations as an Eligible Telecommunications Carrier, offers low-income assistance programs. This program, Lifeline Assistance, is offered under the terms and conditions provided below:

C.10.1 Lifeline Assistance

C.10.1.1 General

- A. Lifeline Assistance is a non-transferable retail service offering for which qualifying residential low-income subscribers pay reduced charges, as provided for below. Lifeline Assistance enables eligible subscribers to pay reduced charges for either voice telephony service (voice) or broadband internet access service (broadband) but not both.
- B. Voice telephony service includes the following services: voice-grade access to the public switched network or its functional equivalent; local usage; access to emergency services; and toll limitation.
- C. Broadband service includes the following: the capability to transmit data to and receive data from all or substantially all Internet endpoints, including any capabilities that are incidental to and enable the operation of the communications service, but excluding dial-up service.

C.10.1.2 Regulations

Subscribers are eligible for Lifeline Assistance if:

- A. The subscriber's household income is at or below 135 percent of the Federal Poverty Guidelines, or
- B. The subscriber, or one or more of the subscriber's dependents or the subscriber's household, receives benefits from at least one of the following qualifying programs:
 - Medicaid;
 - Supplemental Nutrition Assistance Program (SNAP), formerly known as Food Stamps;
 - Supplemental Security Income (SSI);
 - Federal Public Housing Assistance;
 - Veterans Pension and Survivors Benefit Programs.

C. BASIC LOCAL EXCHANGE SERVICE

C.10 Low Income Program (Cont'd)

C.10.1 Lifeline Assistance (Cont'd)

C.10.1.2 Regulations (Cont'd)

- D. In addition to meeting the qualifications provided in paragraph 1. or 2. of this section, in order to constitute a qualifying low-income customer, a customer must not already be receiving a Lifeline service (voice or broadband from either a wireless provider or fixed provider), and there must not be anyone else in the subscriber's household subscribed to a Lifeline service (voice or broadband from either a wireless provider or fixed provider). Further, the customer must subscribe to broadband service that meets the minimum service standards set forth in section 54.408 of the FCC rules.
- E. Until the National Lifeline Eligibility Verifier has been implemented in Georgia, each subscriber to Lifeline Assistance must certify in writing to the Company, under penalty of perjury, that s/he receives benefits under a program outlined in sub-paragraphs (B)(1) through (B)(3), above, and must, on that same document, agree to notify the Company if s/he ceases to participate in the program(s). The certification form shall conform to the requirements described herein, and shall be made available upon request to any subscriber. The Company shall retain all such subscriber certifications in order to furnish proof of subscriber eligibility as may be required from time to time by Universal Service administrators.
- F. A subscriber may elect at the time of subscription to voice Lifeline Assistance to receive toll limitation as part of Lifeline Assistance. "Toll limitation" is a service that allows a subscriber to elect not to allow the completion of outgoing toll calls from the subscriber's residence.
- G. Voice Lifeline Assistance will not be disconnected for non-payment of toll charges unless the Company offers toll limitation without charge.
- F. The Company may not collect a service deposit in order to initiate voice-only Lifeline Assistance if the qualifying low-income subscriber voluntarily elects toll blocking from the Company, where available or if the qualifying low-income subscriber elects a calling plan that does not distinguish between toll and non-toll calls in its pricing. If toll blocking is unavailable, then the Company may charge a service deposit.

C. BASIC LOCAL EXCHANGE SERVICE

C.11 Direct-Inward-Dialing (DID) Service

C.11.1 General

- C.11.1.1 DID Service permits calls incoming to a PBX system, Telephone Answering Service, or other Customer Premises Equipment requiring out-pulsing-of-digits from the network to reach a specified station line without the assistance of an attendant. DID service is provided subject to the availability of facilities and telephone numbers and other conditions as specified in this tariff.
- C.11.1.2 The rates specified herein are in addition to the rates shown elsewhere in the General Subscriber Services Tariff for the services with which this offering is associated (e.g. central office PBX trunks, access lines, etc.)
- C.11.1.3 Subscribers to DID service will be required to maintain an adequate number of DID trunks as determined by the Company in order to provide "quality" grade of service and prevent network degradation.
- C.11.1.4 The service must be provided on all lines in a trunk group arranged for inward service. Where DID is required on more than one group of trunks or central office lines, each such group shall be considered as a separate DID service.
- C.11.1.5 The assignment of telephone numbers and the sequences of the numbers assigned to a DID service is made at the discretion of the Company. Where the equipment configuration requires the assignment of blocks of telephone numbers or where the customer requests additional blocks of telephone numbers held in reserve for future use, rates and charges are applicable for each unused block of telephone numbers. The Company does not guarantee to provide DID numbers arranged in a consecutive manner.
- C.11.1.6 When equipment or service of a special type arrangement is requested and provided, rates and charges are based on the costs involved to meet the individual requirements of each case.
- C.11.1.7 Operational characteristics of interface signals between the Company provided facilities and the customer-provided switching equipment must conform to the rules and regulations the Company considers necessary to maintain proper standards of service as specified in other sections of this tariff.

C.11 Direct-Inward-Dialing (DID) Service (Cont'd)

C.11.1 General (Cont'd)

- C.11.1.8 The Company shall not be responsible to the customer or authorized user if changes in protection criteria or any of the facilities, operations, or procedures of the Company render any of the facilities provided by a customer or authorized user obsolete or require modification or alteration of such equipment or system or otherwise affect its use or performance.
- C.11.1.9 Directory listings will be provided in accordance with the regulations of this Tariff. DID numbers herein are not entitled to directory listings without a charge. Where clients of a subscriber to DID service want to list any of these numbers, those clients would be billed the applicable Extra Directory Listing rate.
- C.11.1.10 In addition to the rates and charges specified herein, appropriate service connection charges are applicable to the establishment or rearrangement to trunks and numbers in connection with providing DID service.
- C.11.1.11 Installation charges for DID central office switching equipment are not applicable if the customer presently subscribes to DID service and changes the type of customer premises switching equipment. The following provisions apply:
- A. The customer must maintain at least the same level of DID service requirements.
 - B. The replacing customer premises equipment must be served by the same central office as the existing customer premises equipment.
 - C. Central office switching equipment additions or modifications must not be required in order to provide DID service to the replacing customer premises switching equipment.
 - D. Rates and charges are applicable to additional DID service requirements which exceed the customer's existing level of DID arrangements.

C.7 Direct-Outward-Dialing (DOD) Service

C.12.1 General

- C.12.1.1 DOD Service permits calls outgoing from a PBX system, Telephone Answering Service, or other Customer Premises Equipment. DOD service is provided only in conjunction with DID Service and is subject to the availability of facilities and telephone numbers and other conditions as specified in this tariff. Rates and charges for other service or facilities with which this service is associated may apply.
- C.12.1.2 The service includes the central office equipment necessary for identification of outgoing toll calls and billing of toll messages by station number and is furnished subject to the on-premises equipment being arranged for DOD service.
- C.12.1.3 The service must be provided on all Direct Outward Dialing trunks or lines in a group.
- C.12.1.4 Where DOD is requested on more than one group of trunks or lines, each such group shall be considered as a separate DOD service.
- C.12.1.5 When equipment or service of a special type is requested and provided, rate and charges are based on the additional costs involved to meet the individual requirements of each case at the time of occurrence.
- C.12.1.6 Operational characteristics of interface signals between the Company-provided facilities and the customer-provided equipment must conform to the rules and regulations the Company considers necessary to maintain proper standards of service.
- C.12.1.7 The Company shall not be responsible to the customer or authorized user or joint user if changes in protection criteria or in any of the facilities, operations, or procedures of the Company render any of the facilities provided by a customer, authorized user, or joint user obsolete, or require modification or alteration of such equipment on system or otherwise affect its user or performance.
